DETAILED ACTION

Allowable Subject Matter

1. Claims 1 and 3-5 are allowed.
2. Applicant's arguments are persuasive inasmuch as even though the prior art has similar structure and similar function as the present invention, Don '006, for example, does not reasonably teach all structures corresponding to the claimed invention, particularly an "extending block". Other prior art, either alone or in combination does not remedy the shortcomings of that teaching.
